WORK EXPERIENCE

Team Lead

TechloSet Solutions

06/2024 - Present

Faisalabad

- **Led team collaboration on 15+ projects**, ensuring clear communication between clients and teams, overcoming technical challenges, and delivering high-quality results.
- **Contributed to a templated website** that streamlined the development-to-live process, accelerating project delivery timelines.
- **Led bootcamp teams of 30+ members**, hosting daily standups, conducting code reviews, and overseeing Software Requirements Specifications (SRS) development for practice projects.

Software Developer

TechloSet Solutions

09/2023 - 05/2024

Faisalabad

- **Developed a job-finding app in React Native**, focusing on UI design and writing the business layer for APIs using Next.js.
- **Developed a game in Expo with 1M+ downloads** using Solito monorepo from scratch, the UI on the Native side and resolving build issues in the web app.
- **Optimized an internal Admin dashboard**, adding new functionality, fixing legacy issues, and cutting Firebase read operations by **50%** to improve efficiency.

Software Development Bootcamp Intern

TechloSet Solutions

02/2023 - 08/2023

Faisalabad

- **Revamped company's portfolio website** using Next.js app dir, converting 90% of components to server-side, boosting Lighthouse score by 40%, and significantly enhancing SEO.
- **Collaborated in peer code reviews**, offering and receiving insights to identify and resolve coding pitfalls, enhancing code quality and development practices.
- **Worked on 5+ web and mobile projects**, primarily using the MERN stack and serverless backends, delivering robust applications.

EDUCATION

Bachelors in Computer Science

University of Agriculture Faisalabad.

04/2021 - Present

B Grade

- Object-Oriented Programming (OOP).
- Database Management.
- Data Structures and Algorithms.
- Operating Systems.

SKILLS

Git

TypeScript

PERSONAL PROJECTS

EastZone

- **Developed and designed a client's website using Next.js**, implementing a sleek user interface and integrating Trello as a CRM for streamlined client contact and communication management.

Women Safety App

- **Developed a 'Women Safety' app in React Native**, enabling women to contact emergency contacts via chat and messaging, with secure JWT authentication. Built the backend using Node.js, Express.js, MongoDB, and Prisma.

Taskerr - todo app

- **Built a cross-platform todo app using React Native and Firebase**, featuring Firebase Authentication, real-time task management, and synchronization across devices for a seamless user experience.
